

The sea travels us!

«THE BLUE PAPERS» & CREATIVE STORY TELLING

GOAL: Improvement of Creativity (Thinking and expression)
Undertaking of initiatives

In a rectangular frame, we spread blue papers changing their place

1st ACTIVITY:

One by one the students narrate a fantastic story or write a sentence about the image they see

2nd ACTIVITY: The students move the blue papers and they create their option of the story and they narrate it.

A girl waited to the coast the ship. The girl got on board... The fish saved the girl.

The students take photos of their composition and everyone writes the entire story on his/her CREATIVE BOOK.

3rd ACTIVITY: The English teacher translates with the students the final text.

4th ACTIVITY: The paintings' photos are organized on the **Movie Maker**, the students complete the text, they insert music and the story is ready on video. It uploaded on Twin Space.

OBSERVATION

The creative thinking is cultivating

The experiences, many irritants, patient, the happy and acceptance classroom climate,

Good cooperation, team spirit, transformation of wrong

Contribute to the production of creative sentences.
